

## Chalet 3 Flocons Verbier, Switzerland

### What we love...

We love the spa area of this chalet, with hot tub, hammam, sauna, rainfall shower and massage area.

Traditional good looks and contemporary extras make this luxury ski chalet in Verbier an ideal choice for a group of friends or family wanting to experience the best of this lovely resort.

Wood-clad walls, rustic furniture and cheerful, shabby chic reds and neutrals bring an instant air of warm and welcoming, making this four-storey property a real oasis in the snow. The cosy living area, made up of long sofas, gathered around a roaring fire, give you all somewhere to congregate and catch up over afternoon tea or bubbly and canapés later in the evening. A refectory style dining table, with carved wood chairs, makes for an intimate setting for the exquisite meals created by your private chef. Just off these main communal areas is a door to the outside terrace where there's an al fresco eating area, that's also a great spot to round off the evening with a nightcap and a view.

If you're aiming to enjoy a little pampering while you're here, the spa is the perfect place in which to indulge yourself, with sauna, hammam, indoor hot tub, rain shower and a treatment area where an experienced masseur can ease away any aches and pains you've arrived with and soothe limbs weary off the slopes, too. A fabulously well-equipped playroom will keep children happily entertained while you relax.

At the end of a long evening of indulgence, you'll be happy to retire to any of the comfy and cosy bedrooms. Chunky woods, gingham and rustic spa-style bathrooms make for a very relaxing way to round off the day and settle in for a great night's sleep.
