

Chalet Aconcagua Zermatt, Switzerland

What we love...

We love the private spa and wellness area, with internal window looking up to the Matterhorn.

Part of the prestigious 7 Heavens Residence, this luxury ski chalet in Zermatt is sumptuously decorated throughout in beautiful rich woods, a palette of dark neutrals and designer touches that give this modern chalet a chicly cosy style.

Careful thought has been given to the design of this chalet from the big ideas, such as a state-of-the-art cinema room and private spa to the little details like the day beds and perfectly plumped faux fur cushions on the 'sink-into-it-forever' sofas.

As well as the chalet's own private spa and cinema room, guests also have access to the residence's shared lounge and bar area, as well as a state of the art gym with all the latest equipment.

A very high standard of service is what makes a stay at this luxury ski

chalet really special. Staff are on hand to do anything and everything from pouring your morning coffee to arranging ski lessons for your children. The experienced staff are always present yet almost invisible, and with a separate professional kitchen as well as your own well-equipped space for cooking should you wish to, your chef can be hard at work all afternoon preparing a delicious dinner for you, while you relax, oblivious, in the comfort of the chalet, pop into the spa for a sauna or out onto one of the balconies with a pre-dinner drink chosen from the extensive wine list.

Situated in the heart of car-free Zermatt, close to all the shops, restaurants and lifts, and yet with stunning views from the enormous windows of the Matterhorn itself, this is a luxury chalet that ticks all the best boxes.
