

Chalet Arolla Meribel, France

What we love...

We love the darkly sumptuous and ultra-relaxing spa area, with hammam, as well as massage and shower areas.

Nestled in amongst the trees, close to the slopes, this traditional property with a modern twist is a warm and welcoming home for the week. Chalet Arolla is a luxury ski chalet in Meribel, developed to a very high standard with your ultimate comfort in mind.

The main open-plan living areas, with their high ceilings and modern furnishings, make for a very comfortable place to relax with family and friends. Scarlet accent colours and a modern open fireplace in the living area give warmth and life to the communal spaces. And a really cosy, intimate dining space, with beautiful views, is the ideal spot to enjoy a leisurely meal with friends and family.

If a little pampering is the order of the day, you couldn't be in better hands. A private 'mini spa' resides in the lower ground floor of the chalet. With steam room, massage area and spa shower space, it's the perfect place to relax and recharge after a few hours on the slopes. And, for a more al fresco experience, there's an outdoor hot tub on the large, sunny balcony.

Chalet Arolla is very well appointed, with a high-spec kitchen, integrated music system and much more. And the chalet's experienced staff are always on hand to attend to your every need, whether that be a luxury five-course meal, organising excursions or simply making sure your snugly dressing gown is ready for you each evening.

Eating

Chalet Arolla's in-house chef is keen to make sure your dining experience here is something special, should you have any particular family favourites or requests, just let them know and they will be more than happy to tailor and create menu's specifically for your party's requirements.

In the mornings, a breakfast of cereal, toast, yoghurt, fresh fruit, juice and pastries is served, as well as eggs and bacon however you like it, with all the trimmings. You'll leave well fuelled for a morning on the slopes and when you return, afternoon tea will be laid out waiting for you.

In the evenings, a four or five course meal is served, using fresh, local produce wherever possible. A selection of fine wines are offered alongside dinner and whenever else you feel like a glass or three, too. There's also an honesty bar of spirits if you fancy a nightcap.

The chef can alter dining times and cook a special children's tea, so the adults can enjoy a more leisurely meal post-bedtime.

Chalet Arolla

Kids

Families are welcome at Chalet Arolla and games and sleds are available to have plenty of fun with both indoors and outdoors.

There is a Sonos music system to keep all the family entertained, especially any teenagers in the group, and the staff will be happy to help with suggestions and arrangements for additional activities.

The chef can also arrange a childrens' supper at an earlier time should you wish.

It is important to note, there are a number of stone staircases without stair gates in the property, therefore families with babies or very young children may find it unsuitable.
