

Chalet Greystone Courchevel 1850, France

What we love...

We love the bold style and the all-encompassing five star service of Chalet Greystone – one of the most prestigious chalets in Courchevel 1850. Add the piste-side location, the private chef and butler and it's a winner.

You can tell that the avant garde Chalet Greystone was designed by a leading architect. Stunning high ceilings, rooms awash in a sea of light. Balanced proportions and high tech gadgets. This is a luxury ski chalet for those who love modern style but don't want to compromise on comfort and convenience.

At the door you are greeted by the team who will look after you. Your butler is on hand to serve refreshments and whisk away your bags. Your private chef is eager to create the most delicious dishes, and your housekeeper ensures that everything in Chalet Greystone is spick and span.

Sleeping up to twelve people in six fabulous bedrooms, Chalet Greystone is one of the finest chalets in Courchevel 1850. And this is a place which overflows with first class luxury chalets. There's no traipsing to and from the slopes either. This temple of sophistication is just 50m from the piste, in the exclusive Cospillot neighbourhood. The centre of the resort is just a short stroll away.

Raise your eyes to Chalet Greystone's double height ceiling and mezzanine study area in the airy living room as the butler hands you a glass of Champagne. Feel the Zen-like ambiance of the spa area on the basement level, with its sauna, steam room, Jacuzzi and fitness room.

You won't find any trace of rustic knick knacks here. It's all polished marble, stone and glass, filled with stunning designer furniture and natural light. Enjoy the privileged location by settling down on the large terrace from where you can watch the world go by. Or hide away in the private cinema to watch a favourite movie. Just relax, because everything is taken care of at Chalet Greystone.

The chef and butler serve you meals and ensure you have everything you want. If you'd like to hire ski equipment and buy passes, arrange lessons and activities, it's no problem. In fact, whatever you want, from Yoga lessons to a favourite vintage wine to a deep tissue massage, just ask and it will appear.

Eating

Just sit back on the sumptuous sofas as the chef prepares a meal fit for a prince. Just like dining in a restaurant every night, you can have the menus tailored to your preferences, whether you prefer rich, creamy French cuisine, Italian pasta dishes or lightly grilled fish. Having a chef also means that children can be fed at a time to suit them, rather than having to wait for the grown-ups.

The chef and butler are there to look after you seven days a week and are on duty for seven hours every day. Just let us know your favourite drinks and snacks, and we can make sure they are ready and waiting for you. Of course, you may fancy a night out in Courchevel 1850, in which case the staff can make a reservation in one of the many excellent restaurants in the resort.

The cost of food and drink is charged for separately at Chalet Greystone; this way, you can have exactly what you would like and only pay for what you consume.

Chalet Greystone

Kids

As soon as kids step in to the modernist wonderland of Chalet Greystone, they will think they have entered a superhero's secret lair. The architectural details and the feeling of space give it a real 'wow factor'. A convenient almost ski-in/ski-out location means that the kids can come and go as they please, without having to be ferried to the slopes, which is a bonus.

If your little ones are too young to ski, the chalet staff can arrange transport so you can take them out and about. Just let us know if you would like any kind of childcare, such as a nanny or a babysitter, or if you need cots and highchairs for the chalet.

There are many exciting activities for children in Courchevel, from ice skating to indoor bowling, and your chalet staff can help you get the family organised. All the logistical headaches of going away with the family magically disappear when you have a team to ensure that everything runs smoothly. All that's left for you to do is relax and enjoy your family break.

Location

Chalet Greystone is 450m from the centre of Courchevel and just 50m from the Cospillot piste for almost ski-in/ski-out access.

The nearest airport is Chambéry, approximately 1 hour 30 minutes drive, whilst Grenoble and Lyon airports are approximately 2 hours 10 minutes and Geneva airport is 2 hours 20 minutes drive away. Moutiers rail station is also just 30 minutes' drive.

There is also an altiport in Courchevel 1850 for those travelling by helicopter or private jet.

Staff

Firefly pre-arrival concierge service
