Courchevel 1850, France

### What we love...

Chalet Pearl is without doubt one of the finest chalets in the Alps and pretty much ticks every box. A swim in the super stylish swimming pool gets our vote, followed by a movie in the private cinema. Very slick.

There are some impressive chalets in the Alps but very few can match the gorgeous Chalet Pearl. Built without compromise, every detail is of the highest standard. Constructed from reclaimed old timber and local stone, with beautifully crafted wooden detailing, Chalet Pearl oozes charm.

A literal stone's throw from the Bellecôte piste (50 metres) and just a 4 minute chauffeured drive from the centre of town, Chalet Pearl is well located for easy logistics.

One of the first things you'll notice when you arrive in the chalet is the space - 900 square metres of it. The rooms and living areas are huge making Chalet Pearl perfect for entertaining large groups.

The interior design is spot on too, expertly combining hip,

contemporary pieces with traditional Alpine style. In the living room the huge comfy sofas in front of the stone open fireplace offer sumptuous sanctuary after a long day on the mountain.

Chalet Pearl's party piece is perhaps its spectacular indoor swimming pool and spa area downstairs. Complete with waterfall and loungers, this is a perfect place to stretch tired limbs and recuperate mind, body and spirit. Why not treat yourself to a pre-ski, deep tissue relaxing massage or aroma therapy treatments when the mood takes you.

When you feel like kicking back and taking it easy you won't be short of options. Chalet Pearl boasts a state-of-the-art cinema comfortably seating for movie nights in front of the big screen.
