

## Chalet Place Blanche 2

Verbier, Switzerland

### What we love...

We love the bathroom off bedroom two with its amazing glass ceiling looking out to the sky – worth getting here early to claim this bedroom!

Perched high up overlooking Place Blanche, this luxury ski chalet in Verbier offers penthouse accommodation in one of the resort's most exclusive areas.

Chalet Place Blanche 2 is a stylish chalet for up to six, with relaxing communal areas decorated in a neutral palette with occasional pops of colour. Light floods these rooms from the enormous windows that look out to the mountains.

Modern furnishings complement the rustic timber walls and ceilings, and the traditional-style chalet has been renovated to high standards.

The bedrooms are super-cosy – one even has a glass-roofed ensuite that

allows you to lie in the rolltop bath and look up at the stars.

The property is superbly located in the new square, moments from all the best bars and restaurants in Verbier, and just steps from the Medran Piste and bubble lift, so you can be out and about on the slopes in double-quick time in the mornings. And you'll be pleased to be so nearby when your legs tire and nothing but tea and cakes in front of the chalet's roaring fire will do.

Everything will be ready and waiting for you when you return for some serious relaxation ahead of an evening of fine food, fine wines and fun.

### Eating

A private chef and chalet host are on hand to attend to your every need and ensure every meal you have here is one to remember.

Before setting off for the slopes each morning you'll sit down to a hearty breakfast and when you return, afternoon tea will be ready and waiting for you.

Each evening, drinks and canapés are served while your chef prepares a delicious four-course evening meal. Arrangements are flexible, however, so if you prefer a lighter meal, or just a bowl of something simple and comforting on the sofa you have only to ask. Wine, champagne, spirits and beer are also included so everyone can enjoy their favourite drink.

For those travelling with children, the chef will be happy to put together an early evening tea so that parents can enjoy a more relaxed meal later in the evening. Even the fussiest of eaters are catered for.

### Kids

This chalet is well set up for families. A mezzanine bedroom with two single beds off one of the main doubles creates a suite ideal for a family of four.

The chalet also has a good collection of DVDs as well as a Wii console to keep kids busy during the afternoons when they aren't out in the snow. A stock of board games are available for the whole family to enjoy.

Your private chef will be happy to provide an early-evening children's tea so there's no pressure on little ones to be on their 'best behaviour' at the end of a tiring day and the adults can enjoy a more leisurely meal later.
