

Chalet Soline St. Anton, Austria

What we love...

We love the charming traditional Austrian fireplace in the open plan living area.

Ski to within seconds of your door, then warm your chilled hands on the 18th century stove in charming Chalet Soline. Hidden away in a tranquil nook of St. Anton, you can revel in the effortless joy of being totally pampered. From the attentions of the chalet host to the gourmet skills of the chef and the patience of your ski instructor, it's a very smooth ride.

In the expansive living room, you find yourself irresistibly drawn to the authentic Tyrolean Stube fireplace at the heart of this apartment. Like the rustic furniture, it has been carefully chosen to create a sense of homely tradition within this high spec, contemporary property.

Taking up the middle floor of the Chalet Austria building, it makes a spacious and comfortable five-bed nest with access to luxurious shared facilities, such as the spa area with its Hammam and sauna.

Just take a reviving hot drink onto the balcony to admire the views across the valley as the nearby Nasserein ski lift finishes for the day. Later, after asking the host to organise massages, sledging trips and lunchtime bookings in the best mountain restaurants, it's time for dinner. For five evenings of your stay, start with champagne and canapés in front of the roaring fire, before settling down to the chef-cooked four-course dinner.

The layout of the apartment is very practical and it has a separate TV room adjacent to one of the bedrooms, which could easily be combined as a self-contained master suite. Chalet Soline prides itself on an exquisite level of service, and this extends to providing a ski instructor for two days of your stay and a shared in-resort driver service around St. Anton.

Chalet Soline

Kids

Everything is family-friendly at Chalet Soline. For a start, it is just a 3 minute walk to the Nasserein ski lift. However, if the kids need to be on the other side of town for their lessons, the chauffeured car service can whisk them there with no fuss.

Chalet Soline is very well designed for children, with a separate TV room that can easily become a play den whilst the grown-ups relax around the dinner table.

Come bedtime, children will enjoy the privacy of their quad bunk room. Some of the double bedrooms can also be configured as twins, giving maximum flexibility no matter how many children are in your group.

Just let the staff know if you need any extra equipment, such as cots and high chairs, or if you need to arrange childcare.
