

## Chalet Valentine 211

Verbier, Switzerland

### What we love...

The quirky little design touches, such as the TV unit made from a sled. And the excellent shared facilities - the swimming pool is fabulous.

Gorgeous décor; an oh-so-central location close to the heart of vibrant Verbier; and the convenience of the shared luxury leisure facilities, it doesn't get much better than this.

The apartment is a feast for the senses, cleverly put together by its interior designer owner. Tactile fabrics, from tweed cushions to sheepskin throws, give the rooms a warm feel and just make you want to touch everything. The wood and slate bathrooms make for a heavenly place to start the day, and throughout the apartment are cute and quirky finds that make the property a real one-off - a home, not just a house.

Have your cockles (and whatever else you fancy!) thoroughly warmed by the roaring fire in the middle of the apartment, as you look out on some of the most beautiful snow-capped mountains. In fact, this property offers the best of both worlds in every way...

Revel in the calm, quiet atmosphere of the apartment, yet know that you are just moments away from the from fabulous restaurants and bars in Verbier, whenever the fancy takes you.

While you can enjoy the privacy of your own four walls, you can also take advantage of the top-notch shared leisure facilities on offer in the Victoria and Valentine development. The large swimming pool is something to behold, and there is also a hammam and sauna for you to relax in and while away an afternoon, as well as a well-appointed gym, should you feel you've not exercised those muscles enough on the slopes. A children's games room provides somewhere for smaller visitors to make friends and keep themselves entertained.

Ideally located, cleverly appointed, lovingly designed...We think you may have found your perfect match.
