

Villa Abria Ibiza, Spain

What we love...

We love the infinity edged pool with views out to sea.

This chic and contemporary luxury villa on Ibiza is an ideal retreat for groups of family or friends. Decked out in whites with splashes of colour here and there, the property is bathed in light from the huge windows everywhere you look. Virtually every room in the villa has a view of the sea and the spectacular sunsets you'll enjoy here.

The living room stretches across the back of the villa looking out at the pool and sea beyond (the nearest beach is a short walk away). The numerous seating and lounge areas give everyone a spot to sprawl happily here.

The cool and contemporary dining table is open-plan to the kitchen, which is well-equipped, light and airy, making it a pleasure both to cook and eat in. Outside you'll find another well-equipped alfresco dining area and built-in barbecue, where you can spend long evenings enjoying a leisurely meal and watching the sun slowly set.

The villa is designed to give everyone in a large group room to relax alone or together. As well as the main living zones and spacious en-suite bedrooms just made for inducing sleep, there's a study, a gym and chill-out space, too. Every area of this luxury Ibizan villa is equipped with top-of-the-range tech, from wifi to a sound system, both inside and out. Island life doesn't get much more comfortable than this.
