

Periousia Amala Corfu, Greece

What we love...

We love the privacy of this exclusive estate. Two villas, two pools, stunning landscaped garden and access to a secluded beach – all to yourselves.

Nature at its most beautiful combines with the best of home comforts here to create a private holiday estate to really impress. Periousia Amala is a luxury villa estate on Corfu with two swimming pools and everything you could possibly need for a break to remember.

The estate is made up of two stunning villas, sleeping a total of 16 people, making it ideal for two or more large families to share. Perched high up on a cliff overlooking the sea and with access to a pretty winding path to a jetty and secluded beach, it's the last word in luxury coastal living.

The entire complex has been carefully designed to make the most of its location and allow you to live outdoors as much as possible. Sit out on the extensive and beautifully lit terraces with a book in the sun during the afternoons or grab a bottle of wine and some glasses and watch the sky darken over the sea of an evening. With two swimming pools (one for each villa) – a smaller pool and a 40-metre infinity pool – there is always room for both

relaxing and playing for everyone. Landscaped gardens and a plethora of outdoor eating areas means you'll never tire of exploring the outdoor spaces around the estate. Corfu is known for its natural, slightly wild beauty and there's plenty of it to experience here.

Should you be looking for a little more adventure, staff are on hand to attend to everything for you. The high-calibre concierge service can arrange anything from island hopping to horse riding, watersports to pilates instruction. Or for something a little quieter, how about a long, relaxing massage in the comfort of your private seafront luxury villa?

Both villas are decorated in a contemporary coastal style. TV rooms, living areas and more are all designed with relaxed socialising in mind. The en-suite bedrooms are cool, peaceful little havens. Wherever you are in the estate you can drift off to sleep with a cool breeze and the sound of the sea floating through the open window.

During peak season these two villas are only available to rent together.
