

Villa Riviera

St Tropez, France

What we love...

We love the unique personality of this classic St Tropez villa, built in the heyday of Brigitte Bardot and beautifully updated.

Occupying a front row seat on the beach, Villa Riviera is a luxury villa with in one of the best locations on the French Riviera. It has almost 41,000 sq ft of glamorous living space.

The classical style entrance and single storey architecture bring to mind a modern day Roman Villa. With huge glass windows looking out over the Mediterranean, it is built around a magnificent central swimming pool. Beautiful gardens with fountains and palm trees complete the picture.

Every room has a stylish designer touch, and bathrooms are Romanesque and capacious. Guests at Villa Riviera are utterly pampered with luxury bathrooms and dream like beds. You'll leave here feeling totally refreshed.

We can arrange for a dedicated butler to be on hand to provide whatever you need - from cocktails to inspiration. And, it can be pre-stocked with all your favourite food and drinks.

Villa Riviera is a classic, vintage Hollywood mogul style mansion, built in the sixties - fully updated and brought right up to speed. Just log on to the wireless internet and settle in to the state of the art media room and office. You don't have to worry about security either, because the villa has a full alarm system and security staff can be arranged.

Enjoy the Mediterranean alfresco lifestyle in the outdoor bar and barbecue area. Villa Riviera is secluded, yet only ten minutes away from the buzz and glamour of St Tropez.
