

## Chalet Barmettes Val d'Isère, France

### What we love...

We love the fabulous spa area, with a Jacuzzi, sauna and lounge area – all that you need to relax.

We love a luxury ski chalet that is just a little out of the ordinary and Chalet Barmettes is extraordinary in every way.

The architect-designed townhouse apartment is located slap bang in the middle of Val d'Isère, just a two-minute walk from the slopes, so you won't waste a single moment getting to the slopes when you could be hurtling down them. Inside the spacious apartment, a team of interior designers have created rooms that are at once, light and airy yet cosy and cossetting – the ultimate 'comfort rooms'.

Each of the super-cosy and comfortable en-suite bedrooms is decorated in a unique, contemporary-chalet style, each named after a famous explorer. Only the fluffiest of duvets, the squashest of pillows and the fluffiest of towels makes it through the door of the Chalet Barmettes and into its luxury bedrooms. And there's nothing like the promise of a steaming cup of tea brought to your bedside first thing in the morning... to lure you into bed of an evening. Bliss!

In the beautiful dining room a hearty continental breakfast is served to fuel you for a day on the slopes. In

the evenings, four courses of fresh and modern cuisine awaits on five nights of your stay at this luxury ski chalet. And why would they provide only wines carefully selected from local vineyards, when you might like to choose from an exclusive list of vintage bottles. In every respect, Chalet Barmettes just likes to go the extra mile.

The focal point of the wood-clad living room in this luxury ski chalet is a stunning fireplace. Gather around the fire to warm your fingers and your cockles at the same time. It's a space just made for convivial gatherings.

Should you feel the need for a little down-time, either alone or with friends, you can either take yourself off for a couple of hours to the Jacuzzi and sauna, where any aches and pains you've picked up on the slopes will simply melt away. Or you might like to flop in front of a film in the private cinema room.

For those who like their holiday with a little more adventure thrown in, the chalet's staff will be able to arrange skidoo-driving, ice-climbing, parapenting, wine-tasting and many more activities for you.

### Eating

You'll awake to a luxury continental breakfast which is brought to the chalet before you leave for your morning's ski.

You'll be well looked after at this luxury ski chalet with private chef. On five evenings, champagne and canapés precede a wonderful dinner. The menus here are fresh, modern and as healthy as they are delicious. Your chef will be happy to prepare whatever sort of cuisine you would prefer but the chalet's signature menu is much more contemporary than your average ski chalet fare, and that bit healthier, too. The chef is aiming to fuel body and mind for the slopes, rather than leave you

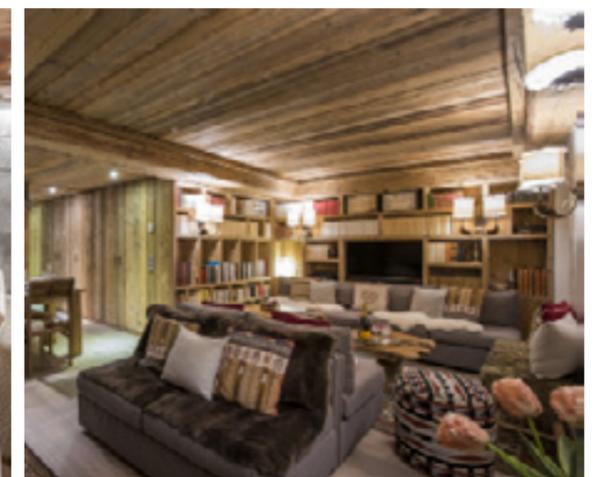

loaded with carbs and struggling to do up your ski jacket!

But healthy choices certainly don't mean any less flavour, and you will leave feeling very well looked after indeed.

Your meal will be accompanied by carefully selected local wines, and there's also an á la carte wine list you can purchase from, including some lovely vintage bottles.

To make life more relaxed for families, the chef prepares dedicated kids' teas so that there's less pressure on everyone and both children and grown-ups can relax and enjoy every meal.

This luxury ski chalet can also be taken on a self-catered or bed & breakfast basis.
