

Chalet Le Rocher Val d'Isère, France

What we love...

We love the style of Chalet Le Rochet in Val d'Isère- a mix of rustic alpine chic with a hint of ethnic detailing and state-of-the-art technology, all finished off with plenty of decadent glamour.

*** For this coming 2020/21 winter season only, this luxury ski chalet is adapting to a safe, non-contact style service to keep guests and staff safe, so everyone can enjoy all the mountains have to offer this winter. Your dedicated chalet assistant will provide daily contactless cleaning and preparation, implementing COVID safety policies. Travel within the resort will be provided via a pre-booked professional chauffeur-driven service. ***

Located at the top of a private road, assuring privacy and enjoying views of the Isère valley, Chalet Le Rocher is an extraordinary chalet. As you approach the chalet, its sheer scale is breathtaking. The heated steps lead to the intricately carved Afghani doorframe.

Take the lift to the second floor and you are greeted by the magnificent living area with its vaulted ceiling and fabulously stylish decor.

Cowhide sofas and light shades are complemented by sensational modern glass chandeliers and the crackling log fire is the focal point of the room. Out on the balcony and in front of the imposing rock, the red cedar hot tub beckons you to enjoy a glass of Champagne while gazing at the stars.

As one would expect from this exceptional chalet, Le Rocher has just about everything anyone could want including a jet stream swimming pool, which even has its own projector screen. Then you could relax in the steam room or outdoor hot tub before indulging in a soothing massage in the chalet's own calming massage room.

A lift serves every floor and there is a separate ski room with boot warmers. The chalet is extremely well equipped with state of the art technology throughout.
