

Chalet Silvretta Val d'Isère

What we love...

We love the terrace with its Jacuzzi tub and views over the Tignes Val d'Isère area.

Quirky, cosy and oh-so-snowy, this luxury ski chalet in Val d'Isère is a stylish home-from-home for any group of friends or family.

The property is set in one of Val d'Isère's most popular areas, the quiet hamlet of Petit Alaska, so you're just a little set back from the hubbub, but are still only moments from the shops, bars and restaurants - and of course, the slopes and ski schools, so after an exhausting day on the snow, it's a quick journey back to the comfort of your chalet.

And Chalet Silvretta is a sight for sore eyes (and achy legs!). Step into the characterful, open-plan living space and you'll find a wonderful space for relaxing and entertaining.

Oversized, squashy sofas look out at the view of the Tignes Val d'Isère ski area and a Chesterfield next to the stone fireplace offers the best spot to curl up with a good book

and a glass of wine. Stylish pieces of artwork and furniture give this space a really individual, homely feel, and you'll all soon fall into the routine of chilling out by the fire and enjoying the fabulous views in the afternoons.

The relaxed dining area and a breakfast bar overlook the kitchen, which is beautifully equipped with every gizmo and gadget you could ask for. Food fans will love experimenting with local ingredients and trying their hand at fondues and raclettes - best served out on the terraces after a long soak in the outdoor hot tub.

When it's time to retire for the night, you'll have no trouble winding down in the beautiful en-suite bedrooms. Each one has its own design surprises, from a deer-antler lamp to pebble-shaped mirrors. But what links them all is a high level of comfort and luxury that allows you to completely relax.

Chalet Silvretta

Eating

This luxury ski chalet in Val d'Isere has everything you need to self-cater with absolutely no stress. The fabulously equipped kitchen will get foodies really excited and includes wonderful details like a Nespresso machine, raclette maker and fondue equipment, so you can enjoy cooking traditional slopeside meals.

At an additional cost, a shopping delivery can be arranged before your arrival so that your cupboards are fully stocked with all your favourites when you walk in the door. Fresh pastries and bread can be delivered each morning for you to feast on before you head out to the snow.

For those who prefer, a chef service for breakfast, lunch and dinner can be arranged on request.

Tables can be booked for you in any of Val d'Isere's lovely restaurants. We particularly like La Table de l'Ours and the Michelin-starred L'Atelier Edmond.

Rooms

Chalet Silvretta sleeps six adults and four children across four bedrooms.

Bedroom one
Master bedroom with double bed and TV; en-suite with bath tub, separate shower, twin basins and separate WC

Double rooms each with TV; en-suite shower rooms with separate WCs.

Bedroom four
Childrens' bunk room sleeping four with two bunk beds and office area; en-suite shower room.

Chalet Silvretta

Kids

The kids' bunk room in this luxury ski chalet makes for lots of fun-filled joyous bedtimes and children love having their own 'private space' here.

Chalet Silvretta's location, in the peaceful hamlet of Petit Alaska, but still close to the town centre and with excellent access to the ski schools, makes this property a great choice for families.

Location

Chalet Silvretta is a luxury ski chalet in a quiet hamlet of Petit Alaska of Val d'Isere, ideally located less than half a kilometre from the centre of town, the ski school and the slopes.
