

## Chalet Villekulla St. Anton, Austria

### What we love...

We love the hot baths out on the terrace where you can soothe any aching legs post-skiing.

Calming and contemporary, this brand new luxury ski chalet in St. Anton is the perfect home-from-home for a group of ski bunnies.

Chalet Villekulla has been designed with clean lines and a palette of neutral shades to make you feel instantly relaxed - you feel the 'aaaah' factor the moment you walk in the door.

A large and airy open plan living and dining space on the top floor is flooded with light through the floor-to-ceiling windows. In the mornings, wander out onto the south-facing balcony or take your first coffee of the day onto the large terrace, which the sun always hits around breakfast time. In the evenings, the living space is transformed into a cosy retreat, with a roaring fire at its heart to gather around with friends.

The chalet is ideally located just a few moments from the main piste, with ski-out access and you can ski back to within 150 metres of the front door. Lifts are just moments away and keen skiers will make the most of the red runs and off-piste skiing nearby.

When you're not out on the slopes, though, this is a luxury ski holiday that allows you to truly relax. Two hot baths perched out on the terrace are a wonderful place to soothe aching limbs, and there's also a sauna to warm you through to your very bones. Or simply retreat to one of the chic, modern bedrooms to hide under the warmest of duvets, peek out at the mountain views and plan tomorrow's adventures.
