

ANI Anguilla Anguilla

What we love...

We love the breathtaking views; whether they're from one of the two infinity swimming pools, the al fresco dining area or one of the seaview bedrooms.

Standing sentinel over the sparkling water's of Little Bay, the two astounding villas set side by side that make up ANI Anguilla are the epitome of luxury. Ideal for both smaller and larger groups alike, the set uniquely offers the chance to book your stay on 6, 8 or 10 suite basis, whilst always benefitting from exclusive use of both villas and all their fantastic facilities in their entirety, yet only ever paying for the rooms you need.

Seemingly symmetrical from the exterior, the cubist villas offer four sumptuous suites in the north villa and six in the south villa. Grand master suites with relaxing jet tubs, fully retractable floor to ceiling windows and captivating ocean views offer an immediate sense of serenity, and spacious guests suites with twin beds are perfect for friends or children. Gleaming white interiors are punctuated with artistic driftwood furniture, creating invitingly cool dining and living areas to retreat to on a balmy day.

Double trouble has no negative connotations here: larger groups will love the two infinity pools to choose from. Competing for the

award of best seats in the house are the open-air lounge Turtle Point, the cliffside dining area and serene ceremony platform, perfect for simply celebrating family time together or perhaps an Anguillan 'I do'.

ANI Anguilla is ideally located for exploring the bright white beaches your mind conjures up when thinking of Anguilla. Hop into the villa's golf carts and in minutes you can be snorkelling with turtles and rock jumping at Little Bay Beach, catching the rays at Limestone Beach or soaking up at the atmosphere of a live music night at Crocus Bay. An abundance of water toys including paddle boards are yours to explore the ocean for hours on end. For those with energy to burn, tennis lessons are included on the private court, or for a slower pace, start your day with a relaxing massage in the spa or take the spa experience outdoors to have the soft sound of the waves as an accompaniment.

ANI-thing else you need? The dedicated team are on hand to arrange anything you may need.
