

Villa Ocaso Majorca

What we love...

We love the spectacular sunset views Villa Ocaso enjoys 365 days a year over the Isla de Sa Dragonera.

Situated in the stunning south west corner of Mallorca, this magnificent villa, carved into a dramatic hillside, is as classy a holiday home as you'll find.

Ocaso translates as 'sunset', and the villa lives up to its namesakes with spectacular end of the day displays from mother nature, 365 days a year. Built around an ancient olive tree and graced with beautiful bougainvillea, native poplars and swaying palm trees, the setting is perfect for a sundowner with views out to Isla de Sa Dragonera, which as the names suggests, resembles a dragon peering out of the shimmering waters. A striking natural feature to watch the sun dip behind.

Accommodating 12 guests amongst its six lavishly designed en suite bedrooms, Luz Del Sol offers levels of luxury unsurpassed in this tranquil corner of Mallorca. With three separate kitchens, a gym, jacuzzi, sauna and even a wine

cellar, Villa Luz Del Sol has been created to fulfil every second of your Mallorquin dreams.

Embellished in pale wood and local stone, the interior of the home is light and airy. The wooden ceiling beams in each room are a lovely feature and make it even homelier. Adorned with local artefacts and stylish furniture gives the villa a warm and down to earth feel.

The terrace spans the width of the building and incorporates a manicured garden under the olive tree, a shaded dining area and luxury loungers surrounding the piece de resistance: the infinity swimming pool. Infinity pools come in all shapes and sizes, but few actually look as though they flow straight into the Mediterranean. Perched right on the edge of the property, the swimming pool here is sunken into the beautiful stone terrace and then seemingly drops away off the edge. It's truly a work of art.

Villa Ocaso

Rooms

Villa Ocaso sleeps 12 people across six bedrooms, five of which are in the main building and one in an apartment with external access. All bedrooms have air conditioning and TV

Bedroom one

Bedroom five

Externally accessed with king sized bed and sea views. En-suite with walk-in shower.

Bedroom six

Apartment with external access. King sized bed, kitchenette and seating area. En-suite bathroom with walk-in shower.

Eating

Al fresco dining is what Balearic living is all about. So why not have three kitchens and a BBQ to choose from? Grilling some freshly caught fish and gathering around the terrace on the extensive dining table will surely be the place to end each day of your dream holiday.

Should you wish to put your feet up and enjoy everything this magical villa and island have to offer, we can arrange an expert chefs to tend to your every need.

Villa Ocaso

Kids

The nearby beaches of Camp Del Mar and Cala Blanca are paradise personified. The former is a small resort with restaurants and small boutiques with pedalos and various other watersports on offer too. Do take a pedalo out - the water here is some of the finest you'll ever swim in. The latter is a small beach accessed on foot making it private, serene and quiet but absolutely gorgeous.

The infinity swimming pool will be the obvious favourite for the kids to play in but when the novelty wears thin, there always the table tennis table or foosball!

Location

This luxury family villa is set in a tranquil corner of the island within striking distance of Port D'Andratx, an ancient fishing village with a gorgeous harbour lined with excellent bars and restaurants, boutiques and fishing excursions all of which enjoy direct views of the setting summer sun. A five minute drive or a 35 minute walk in the sunshine and you will be walking along the harbour front.

The villa is a 40 minute drive to Palma de Mallorca airport.
