

## Chalet Elevation

Chamonix, France

### What we love...

We love the incredible uninterrupted views of the famous Aiguille Verte and Drus...

High ceilings, glass walls and all the designer mod-cons you could wish for ensure this isn't just your average ski chalet. In fact, with its sleek modern décor, feature chandelier and four spacious floors, Chalet Elevation feels more like a stylish Bond villa, albeit with a few cosy alpine touches.

The main open-plan living areas take over the chalet's first floor, which is almost entirely clad in glass, and opens out onto a large balcony with an outdoor dining table and barbeque. From here, look out onto your private garden and outdoor hot tub, and admire uninterrupted views of the famous Aiguille Verte and dramatic Drus Mountain.

When it's too cold to be outside, relax on the huge cream sofa with

the wood burner roaring and a drink from the well-stocked bar in hand. Beautiful wooden beams, pitched ceilings, and fluffy soft furnishings ensure you still feel like you're in the Alps - if the mountain views weren't clue enough.

As well as six bright and airy bedrooms to relax in, plus a gorgeous kitchen-dining area, the chalet also has several surprises tucked away. Descend down into the lower ground floor and you'll find a dedicated spa area, complete with a sauna and indoor swimming pool with massage jets. A large cinema room and chalet-wide Bose speaker system complete the package and seal the deal on this being the ultimate ski holiday party pad.
