La Daille (Val d'Isere)

### What we love...

We love the prime location of the apartment and the two sliding doors that overlook the mountain views.

Apartment Flocon is a cosy spot that makes you feel at home from the minute you arrive. It helps that upon arrival one of the first things you'll lay your eyes on is the thoughtful welcome package left by the team for you. If you're seeking out an apartment that's close to the ski lifts and the village centre, but you're not too concerned about having an abundance of space, Apartment Flocon is for you.

The space is practical, and like its other sister apartments in the complex, it embodies the same quirky modern and traditional mix of colours, patterns and textures throughout. The overall finish is of the highest quality and still feels fun on the inside. A great benefit of staying here is the in-resort concierge service on hand to organise delivery of all the ski equipment you need, so as to maximise slope time.

With one double bedroom and a mountain corner with a bunk bed, the space is perfect for a small family. On the terrace, you can sink into one of the two lounge chairs overlooking the mountains – a great spot for an afternoon tippie in the spring. All in all, this nook is sure to make sure you relax in style and will leave you with many fond memories made.
