

Apartment Galzig St Anton

What we love...

We love the way Galzig offers the best of both worlds: the quiet intimacy of your own luxury ski chalet and all the facilities of a boutique hotel

A peaceful, snowy retreat with lots of privacy, but set close to all the action, Galzig is a luxury ski chalet that allows you to enjoy the best of everything.

The property is on the ground floor of the exclusive Chalet Fabiola building and guests are welcome to make the most of all of its facilities, including ski room, gym and sauna. With Zammermoos piste just a short walk away (approximately 250 metres) you're moments away from getting out onto the snow in the mornings.

Inside, Galzig is a wonderful combination of traditional chalet style and mid-century modern. Natural woods and stone bring a rustic but cosy atmosphere. Sprawl on the capacious sofa with piles of

sheepskin throws to warm yourself through by the statement fire, or relax with a film on the flatscreen TV and Netflix on tap. Quirky artworks and statement furniture pieces give the apartment its own unique style.

Nearby is an elegant dining space and an open kitchen with all the gadgets you could need to cook up a storm or just to sit with a glass of wine and watch your private chef at work.

In the evenings, take your drinks out onto one of the two terraces and enjoy the mountain air as the sky darkens and the stars twinkle on, before collapsing into the oh-so-comfy beds, ready for more adventures in the morning.

Those that wish can take Galzig on a B&B basis and then make the most of the area's wonderful eateries. For lunch we are never disappointed by a stop at Verwallstube at the Galzigbahn top station where you can enjoy a long lunch of seasonal and regional dishes with an amazing view. For evening meals, Ooben im Mooser is always a treat.

If, however, what you really hanker for is being served delicious food in total comfort and privacy, the chalet also has a private chef happy to provide whatever sort of cuisine you are after. On five days of seven, your chef will prepare a fabulous evening meal for you all, whether you want a gastronomic three-course dinner or comfort food by the fire. Additionally, afternoon snacks will be ready for you each day when you return from the slopes.

On the chef's nights off, in-resort concierge service is available to help with booking restaurants and ensure your stay is stress free.
