

## Apartment Le Fusée Val d'Isere

### What we love...

We love that the mountain ridgeline is framed perfectly by the bay windows in the cosy living space.

Apartment Le Fusée is a bright, airy apartment that sleeps up to six guests. The kitchen, sociable dining table and squishy sofas are positioned so as to enjoy the sizeable windows framing the mountain views.

Comfortable, refined furniture and impressive furnishings are at the centre of the interior design style. It's important that you feel relaxed here, but in luxury. The dark floor and modern paintings create a nice balance of authentic and contemporary styling. The terrace has a cute table and chairs set up outside, positioned perfectly for you to enjoy that steaming cup of coffee and hot croissant in the mornings before heading out for the day. When you arrive back, pop your ski boots off, leave them out of sight in the ski locker and snuggle into the open-plan dining, kitchen and living

area for the evening. It really is the ideal sociable bolt hole for you and your loved ones to enjoy.

Apartment Le Fusée is designed so that you can arrive in your own time with an autonomous check in. For the duration of your stay you'll have access to an in-resort concierge. They'll also be able to organise delivery of your ski equipment and point you in the direction of fabulous local dining spots. A convenient and practical inclusion.

All things considered, Apartment Le Fusée is an ideal apartment for family or friends. With the three ensuite double bedrooms, fully equipped amenities and close proximity to the slopes, the space lends itself naturally to family dynamics. To stay here is to stay in a hotel, yet it feels like a home.
