

## Chalet Cullinan Val Thorens

### What we love...

We love the contemporary indoor Jacuzzi, where you can sink into the warm waters and peep out at the mountaintops.

Chalet Cullinan is a stylish south-facing ski chalet in Val Thorens that's perfectly poised to take advantage of all that this accessible and beautiful top-of-the-mountain town has to offer. Even when you're not out on the slopes, you'll feel a sense of place – walk into the light-flooded living space and you'll be greeted with awe-inspiring snowy mountain views.

The chalet is beautifully decorated, and its palette of nature-inspired colours creates a warm, inviting atmosphere. The open-plan lounge – with its vaulted wooden ceiling and warming inset fireplace – has floor-to-ceiling windows which lead onto a spacious terrace for post-ski relaxation in the sunshine. The five main en-suite bedrooms and additional children's room are all cosy and calming, with just the right amount of style details to create a

characterful space. On the top floor, a secret library nook is the perfect spot for peace and quiet.

Entertainment comes in the form of a snug home cinema and a games room featuring one of the coolest sofas you'll come across. For the ultimate luxury ski chalet indulgence after a day on the slopes, ease off your boots and head straight to the sauna or sunken Jacuzzi to unwind.

As well as having your own private spa facilities, your stay at Chalet Cullinan also includes access to the exceptional Koh-I Nor Spa at the nearby Hotel Koh-I Nor – a haven of peace dedicated to relaxation and total calmness, with its two pools, fitness centre, sauna, Hammam, Jacuzzi, experience showers, salt wall, ice fountain, relaxation lounge and sun lounge.

## Kids

The chalet has some lovely spaces for kids to hang out: a games room with foosball and a cute little tepee, a home cinema for movie nights and a cosy kids’ bedroom. For child-free evenings, childcare can be arranged via the chalet’s concierge team.

Val Thorens is excellent for families. As the resort is located on the piste, it’s quick and easy to get around – a beginner’s area sits at the foot of the resort with covered magic carpets to keep little learners a bit warmer. For non-ski activities, there’s sledging and tobogganing, or on the rare occasion the weather doesn’t play ball, a sports centre with trampolines, a pool, table tennis and soft play will keep children entertained.
