

## Chalet Cyanella Megeve

### What we love...

We love the 12-metre indoor swimming pool, which transforms into an incredible dive-in cinema room.

With a top location in exclusive Mont d'Arbois, Michelin-star menus and a 12-metre indoor swimming pool, Chalet Cyanella has all the key ingredients for an unforgettable luxury ski holiday.

This high-spec chalet puts you at the heart of the region's best ski runs by day and offers the ultimate entertaining space by night. Start your stay as you mean to go on, courtesy of a welcome massage, discover the plush entertainment area, complete with bar, sauna, massage room and that incredible pool – which also has a projector screen. After a day on the slopes, it doesn't get better than sinking into the warm waters with a glass of wine in hand to watch a classic movie.

The chalet is self-catered and guests will love the sleek open-plan kitchen/diner which has plenty of space for your party to gather as you whip up scrumptious dishes.

Relaxation spaces include a cosy snug and a generous living area, where large picture windows give you front-row views of the snowy slopes and a comfy curved sofa has room for everyone to curl up in front of the roaring fire. Elaborate pendant lighting and modern artwork add a stylish touch.

In the main chalet, there are five inviting ensuite double bedrooms, plus a bunk room perfect for four children. Additionally the property has the separate Petit Cyanella which comes with its own kitchen, double bedroom, ensuite bathroom and boot room.

If, however, you prefer a more relaxed experience on your luxury ski holiday, a private chef service can be arranged on request. Whether you want five-course gourmet dinners or simple family meals to eat in a less formal setting, your chef will be able to arrange it for you.

If you're looking to see what Megeve's gastronomic scene has to offer, stick with the Michelin-star theme and visit three-Michelin-star Les Flocons de Sel – an exceptional alpine retreat focusing on local flavours.

### Kids

The chalet has some lovely spaces for children. As well as the separate snug, there's a playroom with lots of toys and a flatscreen TV. The bunk room is a cosy sleeping space for four little ones to snuggle down. Then there's the pool, which will provide hours of fun – especially if kids are treated to an in-pool movie night.

Uncrowded Megeve is an excellent family ski resort. There's easy access to the Mont Blanc ski area, which has plenty of gentle beginner runs, and non-ski activities include ice-skating and walking, as well as swimming, climbing and tennis at the resort's leisure centre.
