

Chalet Vilaiet Ortisei

What we love...

We love the glass-fronted heated outdoor pool with its spectacular Dolomites backdrop.

Secluded on the slopes of the Dolomites, surrounded by nature and with breathtaking mountain views, Chalet Vilaiet is a remarkable retreat. With a focus on wellness and relaxation and a tranquil edge-of-the-slopes red-run setting, it's far removed from a bustling ski resort holiday. This exceptional new catered chalet comes with an expert seal of approval, too – it's run by world champion skier Isolde Kostner.

The highlights begin before you've even stepped inside. In the gardens, the glass-fronted infinity-style swimming pool invites you to take a dip in its warm waters. If you can drag yourself away from the swimming pool, enter the chalet to be greeted with an architecturally striking interior, where the loving attention given to every refined detail is clear to see.

The open-plan living area is modern, atmospheric and charming, with a nature-inspired green-and-wood

palette, a vaulted ceiling and large windows that showcase the unobstructed mountain views. On the ground floor, three sumptuous bedrooms all have a stylish en-suite bathroom or shower room and direct access to the garden.

You'll find the ultimate in indoor relaxation at the spacious subterranean wellness area. Unwind in the Finnish sauna or steam bath, let a therapist soothe away any aches in the private massage room, take an invigorating aquamoon waterfall shower or snow shower, or for those maintaining their fitness levels, make use of the gym corner with its Technogym treadmill and a multifunctional bench. Then sit and chill out, snuggled up on the relax island or head upstairs for a movie on the big screen with projector and surround sound, with a glass of fizz from the chalet's Champagne cellar. For a luxury ski holiday in the Dolomites, it doesn't get much better.

Food in the Dolomites is top-notch and the dining experience at Chalet Vilaiet focuses on fabulous fresh and seasonal Italian haute cuisine.

On the chef's night off, guests will dine at the excellent Costamula restaurant, which is walking distance from the chalet, and the cost of this meal (drinks will be extra) is included with your accommodation. If you'd prefer to dine elsewhere on the chef's night off, this will be at your own expense.
