

## Chalet Sandjeman Morzine

### What we love...

We love the secret wellness area – a hidden door leads to a spa treatment room, outdoor barrel sauna and hot tub with front-row views of the forest.

Perched on the edge of the forest above Morzine, this beautiful mountainside escape mixes cosy alpine charm with stylish 21st-century living. Made of larch, Chalet Sandjeman has an inviting Christmas-card-scene exterior that makes you feel warm inside. Dash through the snow into the toasty boot room and you'll discover that this is a thoroughly sophisticated affair. Think statement lighting, plush throws and original artwork, plus tranquil terraces and balconies on every floor.

A striking glass, metal and stone staircase takes centre stage, leading up to the chalet's various half-levels that create a spacious feel. The hub of the home is on the second floor, where the open-plan layout is perfect for everyone to come together. Gather around the kitchen island for pre-dinner drinks and nibbles, then dine family-style at the 12-seater table. A half-level up brings you to a TV and games area for snug evenings playing board games by the roaring fire.

Carry on up to the second living room, which is flooded with light thanks to the floor-to-ceiling windows that showcase those jaw-dropping mountain views. If relaxation is key during your luxury ski holiday, you'll find what you're looking for on this level... through a hidden wooden door. Venture into a soothing wellness zone with a spa treatment room, outdoor barrel sauna and hot tub offering front-row views of the forest.

Calm sleeping spaces include a roomy master with panoramic views and three en-suite doubles. Each comes with a balcony or terrace, so you can don one of the fluffy robes provided and enjoy a morning Nespresso out in the fresh mountain air. There's also a brilliant kids' quad bunk room where children have their own TV corner. For luxury family holidays in Morzine, it doesn't get much better than Chalet Sandjeman.
