

Chalet Tosca Les Gets

What we love...

We love the chalet's fantastic setting: on a peaceful mountainside with views of Mont Chéry; less than a five-minute drive from Les Gets; and ski-out when snowfall allows.

Perched in a peaceful mountainside spot with ski-out access (when snow conditions allow) and sweeping views of Mont Chéry, this new luxury ski chalet, Chalet Tosca, in Les Gets is a spacious, stylish and sophisticated home-from-home.

With five bedrooms, a generous open-plan living area and dedicated spaces including a home cinema, TV nook and wellness zone, Chalet Tosca offers an excellent luxury chalet holiday for family and friends who are looking for a mix of me-time and quality time together.

After exciting days on the slopes, you'll find plenty of options to relax and unwind at this ski chalet with hot tub. Slip into the warm waters of the tub on the outdoor deck with a glass of red in hand, or retreat to

the sauna to warm weary muscles. In the evenings, following dinner out in town or a home-cooked feast, gather around the wood-burning stove in the lounge for drinks and games, or head to the home cinema for cosy movie nights.

Each bedroom is a calm space with its own en-suite shower room. In the top-floor master suite, you can also enjoy soaks in the deep freestanding tub. After a good night's sleep, ease yourself into the morning with a Nespresso in your fluffy robe and toasty slippers. Professional hairdryers and straighteners are a nice touch, leaving more space in your case for warm clothes – one of many ways this luxury ski chalet encourages you to feel at home.

Kids

At Chalet Tosca, there's plenty of room for all the family. The large garden is a great private space for snowman building (and obligatory snowball fights).

When the kids are in need of some downtime, the home cinema will provide hours of cosy entertainment. If you prefer to keep an eye on what they're watching, the TV nook in the lounge means little ones can curl up and watch their favourite shows while the grown-ups catch up on the big sofa by the fire.

Bedroom 3 has four single beds, perfect for kids to enjoy sleepovers with their friends. The study – with its day bed and pull-out bed – is another great option for children.

As well as being near some gentle slopes, you're also well placed for exploring the Snowpark, which has excellent child-friendly zones.

Location

Chalet Tosca is located on the quieter Chavannes side of Les Gets, just a four-minute drive from the village centre with its restaurants, bars and shops.

When snow conditions allow, you can ski out from the chalet's garden onto a gentle traverse to join the Bruyère piste, which leads you to the Chavannes chairlift and gondola. Alternatively, it's a three-minute drive up to the Télésiège des Folliets du Golf ski lift, or a four-minute drive to the Chavannes Express Chair Lift and Mont-Chéry ski lift. It's also easy to ski over to neighbouring Morzine.

For total convenience, you can opt for a 24-hour driver service at extra cost.

Geneva airport is just over an hour's drive away.
